### Publications

Any of the University publications still in print will be sent on receipt of the price affixed, which covers only part of the cost. As the editions printed are small and the fixed demands on them large, it is often impossible to comply with requests for gifts.

All are in **paper covers**, unless binding is specified; 25 cents is charged for octavo, and 50 cents for quarto cloth binding.

When the copies at a nominal price are all distributed, the price for the few reserve copies is advanced to that charged by second hand booksellers, in order to limit their distribution to cases of special need. Such prices are inclosed in [ ].
